HARTFORD, KY., WEDNESDAY, APRIL 7, 1915.

NO. 14

U. S. BANKER FOR ENTIRE WORLD

Owing To Our Strong
Banking Position.

SOUND FINANCIAL CONDITION

Of This Country Apparent—
Foreign Nations Taking
Advantage Of It.

MUCH GOLD COMING THIS WAY

New York, April 3.—The United States has declared its financial emancipation from the European war.

The ante-bellum status quo was restored by the New York Stock Exchange. The removal of fixed minimum prices placed under American securities when the war broke out and the abolition of all restrictions on bond dealings are of national, not merely Wall street importance.

It means that the financial guides of this country are confident the nation can stand on its own financial feet without crutches.

It means that all fears of overwhelming selling of European-owned American investments have passed.

It means that our banking position is so strong that it can take care of any eventualities.

It means that American stocks and bonds have been tested and not found wanting.

It means that European investors have more faith in the worth of American securities than those of their own country.

It means that there has been such a recovery in values here that no artificial protection is necessary.

It means finally a proclamation to the whole world that sound, normal financial conditions rule here and that any person, no matter what his nationality, can enter our security markets and buy and sell to his heart's content or his credit's limit.

The New York Stock Exchange's was not the only significant official announcement made here.

Of equal moment was the formal statement of the State department that "this Government has not felt that it was justified in interposing objections to the credit arrangements which have been brought to its attention."

This is another testimonial to the strength of our position financially among the nations of the earth.

When powerful New York bankers approached the Government on proposed loans to belligerents early in the war, the reply was that Washington would look with disfavor upon the exportation of American dollars to European fighters—a stand which was generally commended in economic circles, as Europe was then trying to drain America of gold.

To-day America threatens to drain European countries of gold if preventive measures are not taken—either that or our enormous sales of merchandise to Europe will be cut off.

The financial assistance now being granted Europe is very different from the straight loans involving exports of gold, proposed six or more months ago.

Current loans do not entail shipments of American gold, but facilitate and stimulate shipments of American goods.

The borrowers are simply given credits, that is, drawing accounts, solely for use in this country. We keep the cash. Europe devotes it to buying our materials, thus enabling our farms and our factories to make profits and our workers to make wages.

America, in short, has become the bankers for the whole world temporarily.

In the nine months since the war began, our exports of merchandise have exceeded our imports by the unparallelled sum of \$700,000,000, a circumstance which has had much to do with our ability and willingness to grant credit facilities to our foreign customers of unquestionable standing.

Every international exchange rate

In the world to-day is in our favor, an eloquent tribute of our enviable financial and commercial position.

TERRIFIC EASTER STORM SWEEP ATLANTIC COAST

New York, April 4.—The entire Atlantic Coast, from Florida to Maine was treated today to the worst Easter weather ever experienced. Wind, snow and rain combined to make the day memorable. The worst previous early April storm was on April 9, 1907.

The wind at Long Branch attained a velocity of seventy-six miles an hour. It reached sixty miles an hour in New York, and six inches of snow fell. Pedestrians and horses were blinded, and accidents were numerous.

The steamer Prinz Mauritz, which left New York Thursday with four passengers and a large cargo for Haiti, Venezuela and West Indian ports, was disabled in latitude 36:45 N., and longitude 74:55W., and sent S. O. S. calls for assistance. Steamers going to her aid caused reports that the German Prinz Eitel Friedrich had made a dash for freedom from Newport News. The interruption to wire communication made confirmation or denial of these reports impossible, but Washington finally was able to get in touch with Hampton Roads and received assurances that the German raider was still moored to her wharf.

OIL OPERATIONS ARE INCREASING IN STATE

Barbourville, Ky., April 5.—The beginning of the month found a little greater activity prevailing in Kentucky's petroleum fields than any previous month this winter. Low prices have been somewhat offset by the milder weather and corresponding reduction in drilling expenses, and at the same time the recovery of a probably new extension in the lower end of the State has inspired additional drilling in that direction. There have been no further market reductions, and the trade is hoping that no further reductions in Kentucky crude will be made. Drilling is still far from normal and only scattered completions are being returned, but with the picking up in new developments a greater new production is expected within the next few weeks.

MUCH REVENUE LOST IF BRITAIN BECOMES "DRY"

London, April 5.—There is excellent reason for believing that prohibition of the sale of intoxicating liquor soon will be adopted for the whole of the United Kingdom, except Ireland.

The question of compensation to the trade is engaging the attention of the Government. Britons consume per capita twice as much alcohol as do Americans. The revenue from alcohol is £40,000,000 (\$200,000,000) a year, while the war is costing £60,000,000 (\$300,000,000) a month.

Treasury officials figure that they can well afford to lose the revenue from alcohol if the stopping of its sales will shorten the war.

UNITED STATES WILL ORGANIZE FLYING CORPS

Washington, April 5.—Secretary Daniels is about to select a new class of ten naval and marine corps officers and twenty enlisted men to be organized in June for instruction in naval aeronautics at the Pensacola, Fla., naval station. The officers will spend the first six weeks at the plant of some aeroplane manufacturer, after which instruction in flying will begin.

Officers will be granted thirty-five per cent, and the men a fifty per cent, increase in pay, when the actual flying begins.

LEPER MUST STAY IN FASHIONABLE SUBURB

Chicago, April 5.—Highland Park, an exclusive suburb of Chicago, must entertain Angelo Lunardi, a leper, until war conditions in Europe permit his safe return to Italy on the same vessel of the North German Lloyd Steamship Company which brought him to this country.

This decision of the immigration authorities in Washington was received here to-day by Dr. Percy L. Preiss, head of the local immigration bureau.

Lunardi was employed as watchman at the Exmoor Country Club when physicians discovered he was afflicted with leprosy.

WHITE MAN NOW WORLD CHAMPION

Jack Johnson Knocked
Out In 26 Rounds.

COWBOY WILLARD THE VICTOR

Black Man Seemed To Have
Best Of Fight Up To
the 17th Round.

FIERCE RIGHT SWING TO JAW

Ringside, Oriental Park Track, Havana, Cuba, April 5.—Jess Willard, the Kansas cowboy, is the new heavyweight champion of the world. He brought back the title to the white race to-day when he knocked out Jack Johnson, the negro, in the twenty-sixth round. More than 17,000 persons saw Johnson go down to defeat from a terrific right swing to the jaw which stretched him out for the count.

Johnson had fought a confident battle up to the fifteenth round, his famous "golden smile" playing upon the spectators during the clinches. Then he began to tire. But to the spectators it seemed that Willard also grew listless. In the twenty-sixth round Johnson was slow in responding to the bell and Referee Welch had to warn him sharply.

For seventeen rounds Johnson seemed to be complete master of the contest, his generalship and his remarkable strength standing him in excellent stead. The old master had no difficulty in dodging the wild swings of the white man. He fought craftily to save his strength.

In the twenty-second round it seemed his vitality left him because of the hard pnce which he carried throughout the early rounds.

Then the giant plainsman opened his heaviest attack and in the next few rounds carried the fight away from the black man and toppled him over with rights and lefts to the body and blows to the face.

When Johnson crumpled up on the floor from a fierce right swing to the jaw, the crowd burst into the ring. Soldiers cleared the ring.

Johnson took the referee's count while laying on the ropes, but the moment after Referee Welch had given the decision the former champion got to his feet in time to escape the wild rush of excited spectators.

When Johnson, the black man, went down before Willard, the white man, the vanquished heavyweight was just thirty-seven years and five days old, the same age as Bob Fitzsimmons when he lost the heavyweight title.

Willard is about ten years younger than Johnson, and thus the old adage of the ring is justified: "Youth will be served."

Johnson knew that the end was near before the knockout came. At the end of the twenty-fourth round he sent word to his wife, who was seated at the ringside, that he was very tired and wanted her to leave the arena. This was Johnson's warning to his wife that he expected to lose. She noted upon it, and left the arena during the twenty-fifth round.

Johnson arrived at the track at 12:25, but did not appear until later. His wife came to the ringside accompanied by Tom Flanagan, who was acting for Johnson.

At half past twelve Junior Jim Mace exhibited Johnson's receipt for \$29,000, the balance due him on the purse, and the meaning of these papers was explained to the crowd in Spanish and English.

Time was called at 1:33 o'clock, Eastern time, by Referee Welsh. Johnson wore the blue tights he wore in 1910 in his fight with Jeffries. Willard wore dark blue trunks and an American flag as a belt.

In the challenger's corner were the following seconds:

Willard's manager, Tex O'Rourke, Jim Savage, Walker Monahan, Johnson was seconded by Tom Flanagan, George Munro, Sam McVey, Dave Mills, Calm Hall and Bob Armstrong. The two pugilists shook hands for the movies. The ring was gradually cleared of all except Referee Jack Welsh, seconds and principals.

Cruel Joke On Paris.
Paris, Ky., April 1.—Almost the

entire population of Paris journeyed to the site of the Paris Milling Company at an early hour this morning to witness the washout of the dam as described in a morning paper, the result of which would be to totally exhaust the city water supply. They were much relieved to find that the story was an April 1 hoax.

DIRE THREATS MADE BY OUTLER POSSUM HUNTERS

Morgantown, Ky., April 5.—Startling evidence was given in the hearing of the Possum Hunter cases in this city, which were transferred for trial to Warren county.

One of the county officials claimed that he was told by a supposed officer of the "Possum Hunters" last fall that the band was 500 strong in his section; that 80 per cent. of the people were Possum Hunters, and that they were not afraid of the courts. He further said he was told by the same man that if Judge Moss and Prosecutor Gilliam came down here and tried to bother them, the Possum Hunters would make them swim Green river back faster than the boat brought them down here.

The alleged Possum Hunter, it was declared by the witness, said the band intended to blow Morgantown off the hill if they were interfered with.

FORMER BUSINESS MAN CONVICTED OF BURGLARY

Hickman, Ky., April 1.—Oce Harris, who was tried here in January on a charge of robbing the safe of the Hickman Drug Company last June, convicted and given a sentence of one year and one day in the penitentiary, was carried to the State penitentiary at Eddyville. He appealed his case immediately after conviction and the Court of Appeals this week affirmed the verdict of the Circuit Court.

Harris was a prominent witness in the last trial of the Allison-Tyler murder trial had in Wickliffe. Harris was formerly a well known business man of Hickman, having been connected with different firms here, and later was a member of the firm owning the Hickman Stenn Laundry. There are two other charges still pending against him.

New Store At Beaver Dam.

Having opened up a new jewelry and opticians' store in Beaver Dam, I solicit the patronage of the public and my old friends, with the assurance that they will get their full money's worth at every deal. Repair work a specialty. Eyes tested free. All work guaranteed. In Ament building, opposite Barnes Bros. Open all the time. Please give me a call.
R. W. KING,
1312
Jeweler and Optician.

MILKERY

At my home at Sulphur Springs. Will be in Hartford to take orders on Mondays.
1314
MRS. SARAH C. SMITH.

PACIFIC WHEAT EXPORTS OVER 33,000,000 BUSHELS

Portland, Ore., April 3.—Wheat shipments from the Pacific Northwest to date total 33,317,506 bushels, according to a compilation made public by the Merchants' Exchange here to-day. Estimates of grain shippers place the crop of this region this year at about 56,000,000 bushels. Of that amount 20,000,000 bushels, it is believed, will be needed for local consumption, so that there is not much more than 35,000,000 additional bushels which can be spared for export. Enough tonnage for handling half this quantity is already under charter.

For Sale.

My farm on the Hartford and Sulphur Springs road, quarter of a mile north-east of the oil well. This farm is not leased. Contains 82 acres—45 acres in cultivation, the remainder in woods—4-room house and outbuildings. Plenty of good soft water and a good orchard. For particulars see L. T. Barnes, Beaver Dam, Ky. 1214

HANCOCK CIRCUIT COURT IN SESSION THIS WEEK

Circuit Court was convened at Hawesville Monday morning by Judge Birkhead for a two-weeks' term. There is practically no criminal docket, and it is not expected that the grand jury will be in session longer than the minimum of two days. Trials in a civil way are few, the docket being a short one. The Van Labr-Watson case, which has already been tried once, will probably be called for trial, and a

few small actions for damages that will be quickly disposed of, are on the docket. The general opinion is that Judge Birkhead will not be detained in the Hancock capital more than a week.

PRAYERS FOR PEACE ON HIGH MOUNTAIN PEAK

Riverside, Cal., April 4.—More than 15,000 men and women climbed Mount Roubidoux, the highest nearby peak, before dawn to-day, knelt at the foot of a huge cross surmounting its crest, and prayed for peace. The service began just as the sun rose over the summits of San Bernardino Range. A chorus of several hundred, led by singers of national reputation, chanted Easter anthems.

Hundreds of visitors from the East attended the services.

HEAVY DAM.

April 5.—One of the swellest and most beautiful weddings of the season occurred at the Baptist parsonage last Tuesday evening. The contracting parties were Dr. Oscar Fleuer, of Russellville, and Miss Ara, daughter of Rev. A. B. Gardner. The father of the bride officiated in the presence of quite a number of friends and relatives. The bride was attired in white Paris muslin and carried in her hand a bouquet of white carnations. The groom was dressed in a suit of black. Miss Ara was one of our most popular young ladies. She had been organist in the Baptist Church and teacher in the Sunday School and in appreciation of this, the church presented her with a full set of silverware. Dr. Fleuer has a fine practice in dental work in his new home. After receiving many nice presents from friends, they left for Louisville for a short stay when they will return to the Doctor's home in Russellville.

Miss Hazel Hocker left last week for El Paso, Texas, to spend a month visiting her uncle, Mr. Benoit Stevens.

Mr. Earl Chick was taken to Louisville last week by Dr. Willis to have an operation performed for an abscess on the liver. The operation was performed and he is doing well. His mother is with him also. Dr. Wilmoth, of Louisville, performed an operation on little Orman, son of James Taylor, for an abscess on his lungs, which was a success and he is getting along all right.

Manon Taylor shipped a carload of hogs from Beaver Dam Monday.

Mr. Less Chinn is adding three new rooms to his home.
Mr. Willie Chick has of his own raising a triplet bunch of corn, 3 well developed ears connected together from the same shuck. While Mr. Chick is not advertising seed corn, we think the corn growers would do well to obtain some of his corn for seed.

Rev. A. H. Gardner came back from his new home and occupied the pulpit at the Baptist Church Sunday. The church has not yet called a pastor.

Public Sale.

I will offer for sale at my farm 5 miles south of Norecreek store, on Saturday, April 10, 1915, the following described property: Four head of horses (2 mares in foal), pair of mules, 2 good milch cows, some young cattle, corn and hay, sow and 5 shoats, 1 buggy and harness, also some farming tools.

Terms made known on day of sale. Sale begins at 10 o'clock a. m.
L. M. WALTD,
Hartford, Ky., It. 7.

Prominent Attorney Ill.

Owensboro, Ky., April 4.—Reuben A. Miller, one of the best known attorneys of Kentucky, is desperately ill at his home in Owensboro. He is unconscious, and it is not expected that he will survive many hours. Mr. Miller is suffering from heart trouble. He is the senior member of the law firm of Miller & Sandidge. Recently, on account of ill health, he resigned as chief counsel of the Louisville, Henderson & St. Louis Railroad Company. He was also counsel for the Louisville & Nashville and Illinois Central roads in Owensboro.

Crushed By Train.

Vanceburg, Ky., April 2.—James Hinkle, 21, of South Portsmouth, Ky., while attempting to board an east-bound freight train here to-day stumbled and fell beneath the wheels, which crushed off his left leg below the knee. Hinkle refused to disclose his identity at first and pathetically begged that his aged mother be kept in ignorance of his injuries.

FOOT AND MOUTH DISEASE EPIDEMIC

In Kentucky Costs over
\$100,000.

ONE-HALF BORNE BY THE STATE

Much Money Spent In Arrest-
ing Disease and Slaught-
ering Of Animals.

TOTAL OF STATES \$3,237,077.54

Washington, April 5.—The full extent of the fight made in the various States infected in order to arrest and eradicate the foot and mouth disease is now just made apparent in connection with reports of the work done. In Kentucky, for instance, ten counties were infected and eighty-two herds. A total of 1,651 cattle, 216 sheep, 728 swine and one goat, a grand total of 2,596 animals in Kentucky, were infected, according to reports made up to February 28.

The cost in money of the development of the disease in Kentucky reached a total of \$107,010, one-half of which, or \$53,505, was borne by the Federal Government and the other half is to be borne by the State.

Of this, the Federal Government paid for animals slaughtered, \$37,951, for the burial of slaughtered animals, \$930.89, for property necessarily destroyed, \$383.83, for disinfection and miscellaneous expenses, \$2,829.04. In each instance, as pointed out, the State will have to pay a similar sum.

To Indiana claimants the Federal Government paid as follows:

For animals slaughtered, \$59,424.38; burial of animals, \$2,068.31; property destroyed, \$862.03; disinfection and miscellaneous, \$1,303.26. In Indiana nineteen counties were infected, 105 herds, 2,357 cattle, 615 sheep, 3,870 swine, a total of all animals of 6,843.

The grand total of expense to the Federal Government in all States was \$3,237,077.54. Illinois suffered the heaviest during the epidemic and the Federal Government spent there \$1,256,422.76, or two-fifths of the entire expense in the country.

Pennsylvania came next to Illinois and Ohio third, from a standpoint of expense involved in the handling of the epidemic.

NO EASTER FIVERY IN EVANSVILLE CHURCH

Evansville, Ind., April 4.—At the Easter services of the First Pentecostal Church of the Nazarene here this morning not a single new Easter bonnet, gown nor suit was seen. A few days ago the pastor of the little church, the Rev. Ira R. Akers, asked the members not to wear new clothes on Easter, as he feared it would embarrass the poor people in the congregation who were not able to buy new clothes. The members promised they would abide by his request, and they kept their word to-day.

Easter Party.

Pond Run, Ky., April 5.—Quite a number of the friends of Misses Ola and Carrie Brown enjoyed very much the Easter party given by them at Mr. L. L. Brown's on Saturday evening, April 3. All present were delightfully entertained. Just before leaving many of the guests amusingly watched almost a score of little boys and girls in their eager search for eggs, each hoping to win the prize—a box of candy—by finding the greatest number.

Sales for the season on the Maysville tobacco market which closed Friday were 25,531,670 pounds, which sold for an average of \$3 the 100 pounds.

NINETY DAYS YET AND THEN PEACE

Says Man Familiar With
War Situation.

CLAIMS "INSIDE INFORMATION"

Believes That An Interna-
tional Congress Will Soon
Discuss the Terms.

BIG FIGHTING COMES FIRST

Washington, March 31.—That peace will come to the warring nations of Europe in the next ninety days was the assertion made here to-day by a man thoroughly conversant with international affairs and who claims as a basis for his statement information given him by certain persons in authority at foreign embassies stationed here.

For obvious reasons persons furnishing the information and the man to whom the information was imparted do not desire that their names shall be used. The latter says that a Peace Congress will be convened as a first step in the negotiations for peace, and terms for ending the war will be threshed out.

These terms imply that England's navy will remain intact; that Russia will, after three months of fighting, hold as good a position against Austria as to-day; that Austria is still threatened from the south and southeast; that Germany is still under siege by land and sea and that Turkey is all but done for.

To the newspaper correspondent was given this interview by the man who claims to know:

"The terms of peace have been written. The Allies have written theirs. The Germans have written theirs.

"When will these terms be presented?

"In ninety days most probably. Anyway inside of five months.

"Ninety days will bring the world to July 1. During those ninety days, the continent of Europe will witness the most ferocious fighting, the most dreadful carnage, the most frightful waste of human flesh and blood.

"All to no avail!

"All to a deadlock!

"There will be victories and lost battles on both sides, but neither will be decisively whipped. And after it all, undoubtedly by July 1—

"A deadlock.

"Germany can not conquer and overrun France. She knows this as well as the world knows it.

"Russia can not invade Germany—the strategic railways give von Hindenberg too great an advantage.

"When von Hindenberg fights his way to the east of his strategic railways, von Hindenberg can not further invade Russia—the Slav hosts are too strong for him.

"The greatest armies ever seen will be deadlocked, both East and West. Not even the new British army will be able, in all probability, to drive back the Germans to the Rhine.

"Then the terms of peace will be brought out of pigeonholes, unless—

"Unless the Allies capture Constantinople. If the Entente Powers can take Constantinople, the military deadlock will be broken, and the battling will have to go on to the crushing of one side or the other—or another deadlock. Because the taking of Constantinople means the end of Turkey, and the end of Turkey means that the Entente Powers will have territory to trade off to the neutral nations for their aid against Germany and Austria-Hungary.

"Bulgaria sympathizes with the Germanic Powers; but if Turkey is partitioned she wants Adrianople, which she once won in the Balkan War, and a lot of territory adjacent.

"She cannot get this by any other means than an alliance with the Powers that take Constantinople. Greece must join in cutting-up of Turkey; so must Rumania; so must Italy. Germany is trying to make Austria pay for Italian neutrality with territory along the Adriatic; but she can not well ask Austria to give as much as the Entente Powers can bestow if they take Constantinople.

"And if these States join hands against Germanic Powers, the dead-

lock will be broken in the field. All the fences will be down to the south and east of Austria-Hungary.

"Italy and Greece will throw their armies into the field against both Turkey and the Germanic allies, and millions more of men will undertake the overrunning of Austria-Hungary, and come thundering at the southern gates of Germany at Augsburg, Munich and Salzburg; at Dresden, Liegnitz and Breslau—with the Grand Duke Nicholas driving in toward the Oder, and Joffre and the French pressing west toward the Rhine.

"No peace will be talked then, until the Kaiser is pushed with his back to the wall on the hollow square a hundred miles or two hundred miles across, with Berlin in its center—a hollow square the size of which will be determined by the necessity of not making his line too thin.

"Then another deadlock—and the terms will be dragged out this time for certain.

"If the Entente Powers are beaten before Constantinople, the deadlock will be unbroken, and apparently unbreakable. One would think then, that peace will be discussed as soon as the first fierce battles of the spring campaign had come to nothing but wholesale murder—as they will!

"The fire is too fierce to burn much longer without more fuel—which the fall of Constantinople would furnish.

"We can already see signs of desperation on both sides even before the fearful shock of war that is coming with the good spring weather.

"Germany's submarine campaign is a sign of desperation.

"England's strange stoppage of commerce to Germany without saying either 'blockade' or 'universal contraband' is a sign of stress.

"Germany's talk of starvation is ominous.

"Hungary's high-handed politics with Austria is ominous.

"The seizure of food, even the weird stories of new methods of producing food, show the fever of desperation.

"But the worst sign is the loss of credit of the warring nations. The bonds of poor, depressed, misgoverned Mexico are selling in London higher than the bonds of either England or Japan, and very nearly as high as those of Russia or France. Japan four-and-a-half have recently sold at 88, Russian fives sell at 94.

"French bonds sell on a four per cent basis, while United States threes sell at par, and French credit was the best on earth a year ago! The bonds of Uruguay, soon to be sold, will probably yield higher than British Consols."

Rheumatic Pains Relieved.

Why suffer from rheumatism when relief may be had at so small a cost? Mrs. Elmer Hatch, Peru, Ind., writes, "I have been subject to attacks of rheumatism for years. Chamberlain's Liniment always relieves me immediately, and I take pleasure in recommending it to others." 25 and 50 cent bottles. For sale by all dealers.

For Ways That Are Dark.

An irate customer in a Worcester (Mass.), Chinese laundry demanded an explanation why his laundry was not ready on Thursday as promised. "But you told me you would have it to-day," he kept declaring.

A puzzled look would appear on the Chinaman's face as if he did not comprehend, and he would merely answer "Laddy tomorrow."

The patron finally gave it up and departed. Then the proprietor said, "This is one of the times it is handy to forget my English."

Stomach Trouble Cured.

Mrs. H. G. Cleveland, Arnold, Pa., writes, "For some time I suffered from stomach trouble. I would have sour stomach and feel bloated after eating. Nothing benefited me until I got Chamberlain's Tablets. After taking two bottles of them I was cured." For sale by all dealers.

Just a Pee-Wee.

Lynn, Mass., March 31.—The population of Lynn has been increased by 15 ounces in the form of a daughter born to Mr. and Mrs. Frank B. Mower, of 144 Williams street. The physicians in the case declare that the child—the smallest ever born in this city—has more than an even chance to live. The baby is only 10 inches long and can be held with ease in the palm of a hand.

The Quinine That Does Not Affect The Head Because of its tonic and laxative effect, LAXATIVE BROMO QUININE is better than ordinary Quinine and does not cause nervousness or ringing head. Remember the full name and look for the signature of Dr. W. G. KROV. 25c.

An Old Grudge.

Lady—I'm afraid you didn't like work, my good man.
Tramp—How kin I, mum? Work's what killed my poor wife.

PROHIBITION IS ENGLAND'S HOPE

In Present Great Stress
Of War.

DRINK IS DEADLIEST ENEMY

Britons Have To Face, De-
clares Lloyd George—Ac-
tion During the War.

MEETS WITH ENCOURAGEMENT

London, March 30.—Prohibition, as drastic as that prevailing in Russia, faces the United Kingdom. Press discussions of the letter sent by David Lloyd George, the Chancellor of the Exchequer, to the Shipowners' Federation competes successfully. In point of interest, with the news of the sinking of the British liner Falaba by a German submarine, with the loss of more than one hundred lives.

The Chancellor, in his letter, said: "We are fighting Germany, Austria and drink, and so far as I can see the greatest of these three deadly foes is drink," and added that he had a growing conviction that only the severest method would be of avail in dealing with the evil.

The employers are backing what Mr. Lloyd-George terms "root and branch action," even to the extent of promising to seal their own wine cellars and to prohibit the use of intoxicants at their clubs, while labor leaders are equally anxious for the institution of some prohibitory measure.

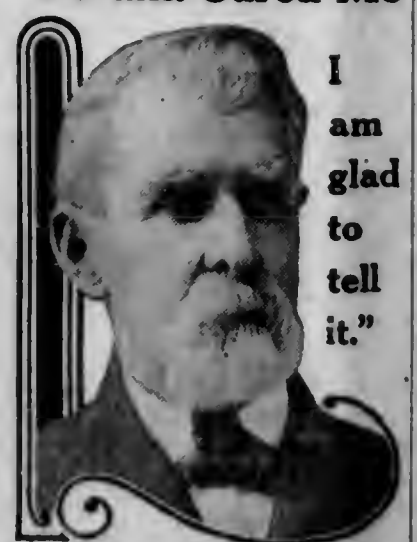

In their appeal to the Chancellor, the members of the deputations of the Shipbuilding Employers' Federation were unanimous in urging that, in order to meet the national requirements at the present time, there should be total prohibition during the period of the war of the sale of intoxicating liquors. This should apply not only to public houses, but also to private clubs, so as to operate equally with all classes of the community.

It was stated that despite the fact that work was being carried on night and day seven days in the week, the total working time on the average in nearly all the British shipyards was actually less than before the war and the average productivity had decreased, and that while many men are doing splendid and strenuous work, probably as good as the men in the trenches, many do not even approximate full time, thus disastrously reducing the average.

Notwithstanding the curtailment of the hours they are allowed to keep open, the receipts of the public houses in the neighborhood of the shipyards had greatly increased, in some cases 40 per cent. As an instance of one of many similar cases, that of a battleship coming in for immediate repairs was cited. She was delayed a whole day through the absence of riveters who were drinking and carousing.

In one yard the riveters have been working on the average only forty hours a week, and in another only thirty-six hours. In conclusion the deputations, which includes representatives of the leading ship-

"Peruna Cured Me"

MR. ROBERT FOWLER,
Of Okarche, Oklahoma.

Mr. Robert Fowler, Okarche, Oklahoma, writes: "To any sufferer of catarrh of the stomach, I am glad to tell my friends or sufferers of catarrh that seventeen years ago I was past work of any kind, due to stomach troubles. I tried almost every known remedy without any results."

"Finally I tried Peruna, and am happy to say I was benefited by the first bottle, and after using a full treatment I was entirely cured. 'I am now seventy years old, and am in good health, due to always having Peruna at my command. I would not think of going away from home for any length of time without taking a bottle of Peruna along for emergency.'"

"You are at liberty to use my picture and testimony if you think it will help any one who has stomach trouble."

builders of the country, drew attention to the example set by France and Russia and urged upon the Chancellor the need of drastic action.

The Chancellor of the Exchequer, in the course of his reply, said the reason why the government had not heretofore taken more drastic action on the liquor question was because it needed to be assured that it was not going adverse to public sentiment; otherwise more harm would be done than good. The government must feel that it had every class in the community behind it when taking action which interfered severely with individual liberties. But now he was sure that the country was beginning to realize the gravity of the situation.

"I have a growing conviction, based on accumulating evidence," continued the Chancellor, "that nothing but root and branch methods would be of the slightest avail in dealing with the evil. I believe it is the general feeling that if we are to settle German militarism we must first of all settle with the drink."

Mr. Lloyd-George intimated that Lord Kitchener, the Secretary of War, and Field Marshal French, in command of the British expeditionary forces on the continent, were of the same opinion, and he promised to lay the statements of the deputations before the cabinet. He said in conclusion:

"I had the privilege of an audience with His Majesty this morning and I was permitted by him to say that he is very deeply concerned on this question—very deeply concerned—and the concern which is felt by him I am certain is shared by all his subjects in this country."

LONDON BETTING ODDS ARE FAVORING PEACE

London, March 31.—Betting on the outcome of the war is all the rage in London now. Several firms and individuals, through Lloyd's Exchange, have on the boards to-day the following "book" on the duration of hostilities:

That war will end before May 1, 1915, 3 to 1 against.

That war will end before June 1, 1915, 2 to 1 against.

That war will end before September 1, 1915, even money.

That war will end before December 1, 1915, 10 to 1 on.

That war will end before March 1, 1916, 15 to 1 on.

That Germany will take Warsaw, 5 to 1 against.

A Cure For Sour Stomach.

Mrs. Wm. M. Thompson, of Battle Creek, Mich., writes: "I have been troubled with indigestion, sour stomach and bad breath. After taking two bottles of Chamberlain's Tablets I am well. These tablets are splendid—none better." For sale by all dealers.

TALL HUMAN TARGET HAD VERY TOUGH JOB

New York, March 31.—Rutledge F. Gardner, of Baltimore, who is so tall he couldn't find a single trench in Europe to fit him, is back from the front, where he fought in the British army as a member of King Edward's Horse. Of his fighting, he said, "Never again."

Gardner went to England in December, and returned on the American liner America Monday. He is nearly seven feet tall, and says he was detailed as a "creeper" in the trenches.

The duty of a creeper, he explained, is to sneak toward the German lines at night and locate snipers. The way you locate them is by letting them fire at you, then your companion blazes away at the rifle flash.

Finally a trench fell in on him, and he was invalided back to England and discharged.

Whenever You Need a General Tonic Take Grove's

The Old Standard Grove's Tasteless chili Tonic is equally valuable as a General Tonic because it contains the well known tonic properties of QUININE and IRON. It acts on the Liver, Drives out Malaria, Enriches the Blood and Builds up the Whole System. 50 cents.

DREAM TIP FROM NURSE GUIDES SURGEON'S KNIFE

Paducah, Ky., March 31.—How the dream of Miss Gela Harmon, head day nurse of Riverside Hospital, revealed the source of an inflammation in the lung of Paul Cox, a youth, and how Dr. Paul Stewart performed a successful operation, was announced to-day.

Cox had entered Riverside Hospital for an operation on his throat and nose. Soon afterward he showed symptoms of pneumonia and his condition gradually became worse. Efforts were made to locate the corruption, which physicians felt sure to be in his lungs, but scientific methods were of no avail. While the patient lingered between life and death, Miss Harmon dreamed that

PROF. V. O. GILBERT WOULD HEAD SCHOOL SYSTEM

Announces His Candidacy for Democratic
Nomination for
SUPERINTENDENT OF PUBLIC INSTRUCTION

His Life Has Been Devoted to the Work

Professor V. O. Gilbert of Franklin, assistant state superintendent, has announced himself a candidate for the Democratic nomination for state superintendent of public instruction in the August primary election.

Born and reared on a farm, experienced in the hard school of poverty, he early chose teaching for a profession and for over thirty years has faithfully and continuously worked in the public school system. Teaching in country schools, serving as county superintendent, city superintendent, being for more than six years a member of the faculty of the Western Kentucky State Normal, and having been assistant state superintendent for nearly three years and a half, has given him special training for the office he seeks.

During all these years Professor Gilbert has made a thorough study of the conditions and needs of the public schools of Kentucky. His announcement follows:

"To the People of Kentucky:
"I am a candidate for the office of superintendent of public instruction.

career at the age of sixteen in a country school, I have served as best I could as teacher in the rural schools, as county superintendent of schools, as city superintendent of schools, as instructor in one of our state normal schools and as assistant for over three years to the state superintendent of public instruction during the present administration.

"During this long career as a school man, I have never wavered in my devotion to the schools of my native state. It has been and will continue to be my life's work.

"I am familiar with all the duties of the office to which I aspire, and I am familiar with the entire field from actual experience.

"If I am nominated and elected, I pledge myself unreservedly to the following policies:

"First—To administer the office of state superintendent as economically as it can be done, consistent with efficiency.

"Second—To co-operate with the county superintendents of the state, and to aid them in every possible way

PROF. V. O. GILBERT.

subject to the action of the Democratic primary, August, 1915.

"This office is one of the greatest importance to the state, and every man who offers himself as a candidate for it should be able to give satisfactory evidence of fitness for the high position.

"The best evidences of fitness for any school position are devotion to the cause of education and professional training. No man is worthy of the great office of state superintendent whose life has not shown a singleness of purpose in the work of education; and no man can be capable unless he has had a rich experience in the kinds of duties that prepare one for the state superintendency. These duties are of three kinds: Actual teaching in the public schools; supervision of public schools, and administration of public schools.

"By these standards I am willing to be judged, recognizing that it is the right and the duty of the people to select the candidate best qualified by nature and training for the position.

"In the first place, I want the position and want it intensely, because it is a high honor, because it is a promotion, because it offers a field for faithful service, because I feel that I am competent to perform the duties of the office, and because I will do my very best to merit the confidence reposed in me.

"For more than twenty-two years I have given my life to school work in this my native state. Beginning my

in the great work of building up an efficient system of schools. My policy shall always be to help, not to hinder.

"Third—To make the department of education serve the classified cities in every possible way. To this end I shall seek for ways to serve the city boards of education and city superintendents.

"Fourth—To co-operate in every helpful way with the boards of the state superintendent may be a member.

"Fifth—To the organization of courses of study, so as to adjust the educational machinery and work of the schools to the practical living needs of the community at large, and to hold constantly before the children examples of temperance, culture and good citizenship.

"Sixth—To co-operate especially with the illiteracy commission. The state superintendent is made by law a member of this commission, and I shall most heartily co-operate with the commission in its great work of eliminating adult illiteracy and illiteracy in general.

"My whole heart, my very life, is in the work; I have had the opportunity for all this training; I have done my best wherever I have worked; and I shall redeem to the letter in good faith every promise made or implied in this announcement. Upon this platform I am earnestly seeking the suffrage of the voters.

"Yours for service,
"V. O. GILBERT."

GREAT MYSTERY OF ROLLING DEEP

That Only Deepens As
Time Goes On.

GERMAN CRUISER STRASSBURG

Has Been Lost On Ocean For
Months—Its Fate Hard
To Guess.

SHE JUST PASSED FROM VIEW

Deepest of all the mysterious occurrences that have marked the progress of the world war, the case of the German cruiser Strassburg, which has never been heard of since the start of hostilities, stands without a parallel. It was more than a year ago that the Strassburg, a light, fast cruiser of the same type as the Karlsruhe and a year older than that vessel, went to South Atlantic waters, in command of Rear Admiral Reuber Paschwitz.

The Admiral and his officers were entertained at Buenos Aires, March 6, 1914. Later the vessel went to Montevideo, then steamed to West Indian waters, where it was during part of the Mexican trouble.

Just previous to the declaration of war the Strassburg entered the port of St. Thomas, Danish West Indies, and began to coal. On August 2 it was known to be still in that port. But from that time to this not a word has been heard of it. Its consorts at that time were the Karlsruhe and the Dresden.

It is believed now that the case of the Strassburg is one of those mysteries of the sea that may never be solved until the day when "the sea gives up its dead." If the cruiser had been sunk by British vessels, the fact surely would have been made known, for it has not been the policy of the British Admiralty to conceal any of the successes it has gained on the water.

What has happened to the Strassburg? Did it flee before stronger forces until, far from the paths of ocean traffic, it shook off pursuit, only to find its bunkers empty and drift a helpless hulk until overwhelmed by a storm? One objection to this theory is that it was equipped with wireless and could call for help, but use of the wireless would bring down swift pursuit from the British and French vessels. Or is it safe in some sheltered nook on the South American Coast, held in reserve in the mysterious haven that the war vessels of the Kaiser must have somewhere along the South Atlantic until the commander thinks the time is ripe for a dash to the open sea?

Another theory, that at the start of the war the Strassburg made its way across the Atlantic to a home port, is discounted by the fact that its mission was that of commerce destroyer and there is no reason to believe that it alone of the gallant little German cruisers that have performed such wonderful feats should have turned tail and run for home.

Caught in the West Indian hurricane, without coal supply, the plight of the vessel of the type of the Strassburg would indeed be serious. Perhaps, battered by wind and sea, and driven, hopeless, through unfrequented paths, the little cruiser has gone to join the company of dead ships in the Saragossa Sea, whose clinging, gripping tentacles of marine growths may already be entwining themselves over the steel sides and covering the muzzles of the long four-inch rifles with its slimy vegetation.

The worst case, no matter how long standing, are cured by the wonderful, old reliable Dr. Porter's Antiseptic Healing Oil. It relieves Pain and Heals at the same time. 25c, 50c, \$1.00

UP DOLLAR, DOWN POUND
—NEW FINANCIAL RULING

The United States dollar is to displace the British pound in the world of business. Possibly that may ring rather too loud for the start, but there are big chances for growth. The Federal Reserve Board has issued regulations in the matter of reserve banks rediscounting bankers' acceptance of foreign as well as domestic trade drafts. And the acceptance must be payable in dollars in the United States.

Heretofore that kind of business has been practically confined to State banks and trust companies.

Growing Children frequently need a food tonic and tissue builder for their good health.
Rexall Olive Oil Emulsion
containing Hypophosphites is the prescription for this.
James H. Williams.

The new regulations are expected to enlarge the business of the American dollar in South America immediately, and in other countries as the foreign trade spreads out. One of the expressions the report in print gathered from the Reserve Board is: "American banks will be materially aided in taking away from London a share of this business." That is the way the dollar is to displace the pound. It will no longer be considered necessary to inquire how the British bankers regard the paper of commerce. Merchants everywhere will ask rather how American banks appraise their paper. (Worcester Telegram.)

**McMANUS' WIDOW GETS
INDEMNITY OF \$20,000**

Washington, D. C., April 2.—The payment of 160,000 pesos, or \$20,000 in gold at the prevailing rate of exchange in Mexico, to Mrs. Ruth McManus, widow of John B. McManus, the American dairy proprietor, killed by Zapata troops on their reconquest of the city, was officially reported to the State Department by the Brazilian Minister in charge of American affairs in the Mexican capital.

Mrs. McManus, who received the money in person from representatives of the Villa-Zapata Government, sent the following message to the department:

"I wish to extend to you for yourself and family our sincere thanks for your efforts in securing indemnity from the Government and also express my appreciation of the great courtesy and personal interest shown by Mr. Cardoso, the Brazilian Minister."

In transmitting this the Brazilian Minister added:

"Am gratified with a letter of thanks received from Mrs. McManus in which she says: 'You have accomplished what seemed to all Americans an impossibility and I have no words in which to express my gratitude.'"

Athletic Amusement.
Everything in nature indulges in amusement. The lightning plays. The wind whistles. The thunder rolls. The snow flies. The waves leap. The fields smile; even the buds shoot and the rivers run.

STOMACH TROUBLE FOR FIVE YEARS

Majority of Friends Thought Mr.
Hughes Would Die, But
One Helped Him to
Recovery.

Pomeroyton, Ky.—In interesting advices from this place, Mr. A. J. Hughes writes as follows: "I was down with stomach trouble for five (5) years, and would have sick headache so bad, at times, that I thought surely I would die. I tried different treatments, but they did not seem to do me any good. I got so bad, I could not eat or sleep, and all my friends, except one, thought I would die. He advised me to try Thedford's Black-Draught, and quit

taking other medicines. I decided to take his advice, although I did not have any confidence in it.

I have now been taking Black-Draught for three months, and it has cured me—haven't had those awful sick headaches since I began using it.

I am so thankful for what Black-Draught has done for me."

Thedford's Black-Draught has been found a very valuable medicine for derangements of the stomach and liver. It is composed of pure, vegetable herbs, contains no dangerous ingredients, and acts gently, yet surely. It can be freely used by young and old, and should be kept in every family chest.

The Hartford Herald

HEBER MATTHEWS, FRANK L. FELIX,
EDITORS.
FRANK L. FELIX, Pub. and Prop'r.

Entered at the Hartford post-office
as mail matter of the second class.

April 25th has been selected as "Go-To-Sunday-School" day in Kentucky this year. It is a great movement, worthy of all effort, and the million mark should be attained this time without fail.

One of the biggest—if not the largest—weekly papers in Kentucky ever gotten out by the country press was the last issue of the *Larue County Herald*, published at Hodgenville, comprising forty pages. It was splendidly gotten up in its entirety and would be a credit to any country newspaper office.

We do not suppose anybody will doubt the pure and solid Democracy of William Jennings Bryan. But he says he is opposed to the issue of Nation-wide Prohibition being injected into the Presidential race of 1916. He has viewed the situation and says it is not the time. A lot of good Democrats in Kentucky have done the same thing in regard to the issue here and are like opinionated for the same reason.

The utter demoralizing and debilitating effect of liquor drinking upon humans individually or en masse has been recognized by the war powers of Europe who are using their best efforts to enforce prohibitory laws in their realms. It is asserted that John Barleycorn is a greater enemy of the citizenry and soldiery than the great cannon and machine guns of the enemy. The movement is meeting with about the same argument and opposition that it encounters in this country, but nobody can deny the common effects of liquor drinking. The highest efficiency is maintained by sober men, anywhere they are placed.

It is announced that Senator Beckham and Judge O'Rear will tour Kentucky and speak in favor of an amendment to the Constitution providing for a vote on State-wide Prohibition. Then if the Legislature of 1916 decides to adopt such an amendment by a three-fifths vote of the members of each branch of the General Assembly, the question will be submitted to the people. It will be several years yet before the matter can be voted on, if at all. The members of the General Assembly alone can decide that. In the meantime all this hubbub that has been stirred up in the Democratic party, principally about the candidates for State offices, should be placed in abeyance to await the due operation of the statute and the will of the people.

Capt. E. W. Clark, of Hopkinsville, tried and convicted last week of carnally knowing a female under sixteen years and sentenced to ten to twenty years in the penitentiary, applied for a new trial and filed four principal reasons, the main one of them being that the members of the jury were led in prayer by one of their number just before entering upon the duty of rendering a verdict in his case. He claims that this act was highly prejudicial to his rights. It is no new thing for a jury to engage in prayer and ask Divine guidance in rendering a verdict. Whether in the cold eyes of the law this is diverting their minds from a fair consideration of the facts and the testimony in the case, remained for the court to decide—which was against the defendant. Capt. Clark's plea, however, was rather new.

Our old friend John Henry Thomas, who edits a column each week in Louisville's new Republican paper, the *Kentucky Sun*, has the following editorial in its last issue:

"We have the highest respect for and extend the warmest welcome to the former Progressive who comes without apology for his former opinions, and sits down to share pot luck with his fellow-members of a reunited party, but we are out of olive branches to offer that small crowd whose shibboleth is, 'We will lead or destroy.'"

It seems a shame that the Republican party has run out of olive branches to offer its erstwhile party colleagues, the Progressives. However we suggest a substitute. Come down to Hartford, where mistletoe grows by the wagon load. Get a supply sufficient to keep a branch hanging over the old Log Cabin door, and when a Bull Moose is found standing beneath, "buss" him right in the mouth.

Mr. Thorpe Announces.

In this issue of *The Herald* will be found the announcement of Mr. Andrew Thorpe, of McHenry, for the nomination for Circuit Court Clerk of Ohio county, subject to the

action of the Republicans at the primary election August 7, 1915.

Mr. Thorpe, who is an excellent gentleman, well qualified for the position he seeks, has been a resident of McHenry and vicinity for the past twenty years or more. The greater part of his time he has been mine foreman, first for the McHenry Coal Co. and then the Williams Coal Co., and has for many years been an active worker in his party. He being the first applicant for county office from the McHenry mining district, he will doubtless make a good race.

Prof. Gilbert Announces.

On page three of this week's *Herald* will be found the announcement of Prof. V. O. Gilbert, of Franklin, as a candidate for Superintendent of Public Instruction for the State of Kentucky, subject to the action of the Democrats at the general primary, August 7, 1915.

Mr. Gilbert, who was born and reared on a farm, chose teaching for a profession and for more than thirty years he has been a continuous worker in the public school system. He began by teaching in country schools, served as County Superintendent, City Superintendent, and for several years was a member of the faculty of the Western Kentucky State Normal. For the past three years and a half he has been Assistant State Superintendent.

All this training peculiarly fits him for the responsible position he seeks.

Mr. W. J. Ferguson Dead.

Mr. W. J. Ferguson died at his residence near Sunnydale, this county, last Saturday night at nine o'clock, after a lingering illness of cancer of the bowels. He was 71 years old at the time of his death. The funeral was held at the home place Sunday afternoon, the sermon being preached by the pastor of the deceased, Rev. Vanhoy. Interment followed at Sunnydale, the ceremonies being in charge of the Masons of Dundee Lodge, of which Mr. Ferguson was a member. Mr. Ferguson leaves a wife and two children, Mr. V. R. Ferguson and Miss Maggie Ferguson. Another daughter who passed away some years ago was the wife of Mr. W. J. Bean, of Hartford.

The deceased was a member of the Methodist Church and a well beloved citizen.

SPRING MERCHANDISE

DENTER & BAKER,
Beaver Dam, Ky.

Duncan-Shutt Wedding
Announcement.

A Greenville paper says:

Mr. and Mrs. D. M. Duncan this week announce the approaching marriage of their daughter, Marguerite, to Mr. Leslie Shutt. The ceremony will be at the home of the bride on April 15. The announcement is pleasing to the wide circle of friends of both parties, and congratulations and good wishes are being extended from far and near. Miss Duncan is one of the most popular young women of the city, and Mr. Shutt has the confidence and esteem of all who know him. They will make their home here.

IF GUILTY, PUNISHMENT
VERY RICHLY DESERVED

If Captain Clark, of Hopkinsville, is guilty of the charge against him, and a jury of Christian county has so adjudged, he did not get anything more than he deserved. He was charged with taking advantage of a girl under the age of consent while acting as coach for a college basketball team. The purity of young womanhood should be the first incentive of mature manhood, and the man who betrays that should receive the highest condemnation. The girl of fifteen should be protected and not despoiled. Innocence of youth should always be respected, and the man who violates it should feel the heavy hand of the law.

We don't know Captain Clark. He is a part of the Kentucky National Guard. If guilty, he has disgraced his shoulder straps, and should be drumheaded out of the army. He should also be sent to the penitentiary for the limit both as a punishment for himself and as a warning to other men who would violate the chastity of womanhood. [Bowling Green Messenger.]

Teetee!

The new Register of the Treasury is a Cherokee Indian from Oklahoma and his name is Teetee. Sounds like something of a joke on the other fellows who wanted the job, but they are not enjoying the situation sufficiently to indulge in much teeteeing. It is the man who laughs last who laughs best and in this case the merriment is all to the Indian. [Frankfort State Journal.]

BEAKHAM AND O'REAR TO TOUR STATE AND SPEAK

In Favor Of An Amendment
Providing For State-Wide
Prohibition.

Frankfort, Ky., April 5.—The fight for the adoption by both the Democratic and Republican parties of platforms advocating the submission to the voters of an amendment to the Constitution, providing for State-wide prohibition, will present United States Senator J. C. W. Beckham and Former Chief Justice Ed C. O'Rear touring Kentucky together in a speaking campaign in behalf of that issue. Their tour will open at Mayfield, April 19, and they will speak in that district the next two days. They will include in their itinerary every Senatorial district where there is an election—not less than twenty counties, Democratic and Republican.

The announcement that they will make a joint canvass at the invitation of the anti-saloon league was made public here by N. A. Palmer, State Superintendent of the Anti-Saloon League, after he had seen Senator Beckham and Judge O'Rear.

The announcement was accompanied by the statement of both speakers that the canvass will not be in the interest of any particular candidate, or candidates, in either party, but solely for the purpose of urging the submission of the amendment.

Senator Beckham has just returned from Florida, where he and Mrs. Beckham have spent several weeks. He confirmed the statement of Superintendent Palmer, and when asked if they were to speak in behalf of certain candidates, he replied: "No, sir; I shall address myself entirely to the issue on which I was invited to speak."

Judge O'Rear spoke more extensively. "I am not espousing any man's candidacy," he said, "but the Republican party cannot afford to pursue a cowardly, equivocating course. It has always been the party to meet new issues as they arise. It must take one side or the other on this one. There is no middle ground to stand on. It must be wet or dry, and my sole purpose in undertaking this canvass is to arouse the party conscience on this vital question."

Bill's Too Light at the Polls.

Republicans are telling Root that he looks younger every day.

Why not Taft? He is younger than Root, and carries more weight. [Philadelphia Record.]

SULPHUR SPRINGS.

April 5.—The cold, dry weather for the last six weeks has kept small grain and grass in winter quarters. Some fields of wheat are hardly showing at all and the best is not showing much. Stock generally have wintered well. Most people will have feed to carry them through.

Farmers are breaking ground in a hurry. Some are done breaking for corn and some have not begun yet. Not much effort being made to plant tobacco. Farmers as a general thing seem to be undecided. The experience of last season has put them to guessing and I am also guessing that if they raise another crop without being organized, they will still be in the same old hole with nothing to get out with.

W. J. Ferguson, one of the oldest and one of the best farmers and stockmen, died at his residence near Sunnydale Saturday night and was buried at the Sunnydale cemetery Sunday, after funeral services at the residence by Rev. Vanhoy. Mr. Fer-

VIEW THE EXPOSITION IN COMFORT

The approach of the summer vacation and traveling seasons bring to mind the desire for comfort and freedom from footwear annoyance. Whether or not you are going to the Exposition, you should wear "Korrekt Shape" shoes.

FAIR & CO., The Fair Dealers.

suburb, with a fight in which Buell Tichenor "landed" on S. B. Brookins and beat the latter up pretty badly.

Mrs. Charlie Field, of Owensboro, and Miss Lela Magan, of Washington, D. C., were the guests of Miss Mary Rowe, city, a few days last week.

Mr. McDowell Fogle is visiting his brother-in-law and sister, Mr. and Mrs. T. B. Petrie, at Brazil, Ind. He will be absent two or three weeks.

The revival at the Baptist church closed Wednesday night. The effects were for good for everybody who attended and the town and community in general.

Mr. R. A. Rowan and wife, of Heflin, and Mr. L. P. Bennett and wife, of Bada, spent Saturday night and Sunday with Mr. and Mrs. James C. Bennett, of Hartford.

For Sale—White Wyandotte Eggs and day-old chicks. Eggs per 15, \$1.00. Day-old chicks, \$1.50 per doz. Pure stock from trap nested layers. H. E. MISCHKE, 1414 Hartford, Ky.

Not to be outdone by other communities and in order to be thoroughly up-to-date, Hartford comes to the front with a lodge of Little Yellow Dogs, which was organized here Saturday night.

Mr. J. W. Wilson, of near Prentiss, this county, has lost two valuable horses from the new stock disease and has two more that have the same trouble. This leaves him only a mule for work purposes.

Mr. D. B. Payton, Crofton, Ky., with Bond Bros. Tire Co., was the guest of his brother and sister, Mr. and Mrs. Ernest Wilson, Hartford, Monday and Tuesday. Mr. Payton went from here to Ointon to spend a few days.

Mr. Ed. Barnes, senior member of the Barnes Automobile Co., spent several hours in Hartford Monday in the interest of his automobile trade. He was accompanied by Mr. W. R. Cook. He has five prospective buyers in Hartford.

Mr. D. B. Ferguson, of Benton, Ky., whom we had not had the pleasure of meeting for about 30 years, was a pleasant caller at The Herald office last Wednesday. He had been to visit his brother, Mr. W. J. Ferguson, Sunnydale, this county, who died Saturday.

Messrs. Steve and Ed. Ellis left Owensboro last Saturday night with two carloads of poultry for New York City, shipped by W. E. Ellis & Bro., the produce men of Hartford. Mr. W. E. Ellis, senior member of the firm, left for New York City Sunday morning to arrange sale for the poultry.

A meeting was held at the court house Saturday night to reorganize the Hartford base ball team and the proceedings were very successful. Directors were elected as follows: Messrs. C. O. Hunter, Ernest Woodward and J. C. Her, with Mr. W. S. Tinsley as manager. Prospects are good for a fine season.

Judge J. S. Glenn returned last Saturday from a ten-day's canvass of Hancock, McLean and Daviess counties in the interest of his candidacy for the Democratic nomination for Circuit Court Judge from the Sixth Judicial District. The Judge was very much pleased with his prospects in these sections. In fact the encouragement he met with is most reassuring of his success in the primary 7th of next August.

Mr. Jas. C. Bennett, who lives on the north end of Union street, has a cat that found a litter of kittens a few days ago, but three of them died, leaving three. While scraping off a lettuce bed Mr. Bennett discovered two tiny young rabbits and took them and dropped them in the old cat's nest with his kittens. The mammy cat adopted them right away and she has been suckling and licking them the same as if they were her own brood. It is rather a rare case of its kind.

Messrs. John B. Renfrow, Narrows; Jesse Barnes, Beaver Dam; S. T. Cook, Banock; H. T. Felix, Wallace St. Clair and Van Hurt, Olaton; C. W. and Lewis Boyd, Centertown; R. S. Jackson, Beaver Dam, Route 1; Andrew Thorpe, McHenry, candidate for the Republican nomination for Circuit Court Clerk for Ohio county; Walker Myrtle and Floyd Ament, Horse Branch; Albert Cox, Hartford, Route 1; D. B. Payton, Crofton, Ky.; Mason Taylor, Beaver Dam; I. W. Acton, Olaton, Route 1, and Esq. J. D. Holbrook, Livia, Route 2, were among The Herald's recent callers.

Mrs. J. H. Patton returned Sunday from a few days visit to her son and daughter, Dr. and Mrs. C. Ross Bennett, of Graham.

Mr. Guy Stataier and family, McHenry, spent Sunday with Mrs. Charlotte Taylor and Miss Mamie Bennett, on Walnut street.

Commonwealth's Attorney Ben D. Itingo will speak at Rockport, this county, Friday at 7:30 p. m. Subject, "The Courts and the People."

Easter was celebrated by two residents of Hayti, Hartford's colored suburb, with a fight in which Buell Tichenor "landed" on S. B. Brookins and beat the latter up pretty badly.

STATE MEETING OF THE A. S. OF E. IN SESSION

With Officers Present—An Interesting Session and Good Attendance.

The State Union of the American Society of Equity met here yesterday and there was a good representation and attendance in general. The court house being in use, the meetings were held in the commodious and well furnished Sunday School quarters of the new Methodist church. Dinner was furnished by members living out of town. The meeting was still in session at the hour of going to press with State President J. H. McConnell, present and presiding and State Secretary S. B. Robertson, of McLean county, at the desk. The welcoming address was made by Col. C. M. Barnett, with Mr. L. N. Robertson, of Daviess county, responding. We will have a full report of the proceedings in our next issue.

John P. Foster Dead.

Mr. John P. Foster died at his residence about five miles west of Hartford on the Hartford and Livermore road at 6 o'clock last Saturday evening, after four days illness of pneumonia. After funeral services conducted by his pastor, Rev. B. W. Napier, assisted by Rev. R. D. Bennett at the M. E. Church, South, Noe creek, at 2 o'clock Sunday afternoon, his remains were interred in what is known as the Old Mill burying grounds.

The deceased, who was born October 16, 1852, had been a member of the M. E. Church, South, since early manhood and was one of Ohio county's best known farmers and blooded stockraisers.

Mr. Foster leaves surviving him a widow, five sons, Messrs. Ellis H. Foster, Hartford; J. W. Foster and A. C. Foster, Hartford, Route 7; Charlie Foster and Walter Foster, at home. Two daughters, Mrs. O. D. Carson, Hartford, Route 3, and Miss Marissa Foster, at home. The large attendance at the funeral attested the high esteem in which he was held by those who knew him best. He was one of Ohio county's most highly respected citizens and will be greatly missed.

Notice.

Will ship stock from Beaver Dam, Wednesday, April 21st. Call over the Cumberland phone or write me. MASON TAYLOR, 1411 Beaver Dam, Ky.

Carload of Machinery For Sale.

We have recently received a carload of the celebrated Webber Farm Wagon, Deering Grain Binders, Mowing Machines, Rakes, Osborne Disc Harrows, Hoosier Corn Drills, Harrows, Cultivators, &c. Likewise all other kinds of Farming Implements, including Vulcan Plows, as well as repairs for all of this machinery. We also have the Henney Runabout, manufactured by the Moline Plow Co., St. Louis, Mo.

Having purchased this machinery in carload lots, we are prepared to give very close prices to those needing anything in this line. Our aim is quick sales and small profits. So it will pay you to see us before purchasing elsewhere. We can save you money.

W. E. ELLIS & BRO.,

1414 Hartford, Ky.

Eggs For Hatching.

Will carry two pens barred Plymouth Rocks this year.

First pen headed by First Pen Cockerel from Cypher's Poultry Farm, New York. Second pen headed by First Pen Cockerel from Goshen Poultry Farms. First pen eggs, \$1.00 per 15 eggs. Second pen, 75 cents per 15 eggs.

Also will be able to furnish day-old chicks at 15c apiece.

J. C. ILLER,

1214 Hartford, Ky.

To the Public.

Having bought out Black & Birkhead's Livery, Transfer and Freight business, I kindly solicit your patronage. Prompt attention given to all orders.

When you come to Hartford be sure to stop at my stable for feed or hitch. S. E. BENNETT, 1214 Hartford, Ky.

Can Save You Money On Oil.

Solite Coal Oil and machine oil for sale—at Barnes & Co.'s blacksmith shop. It will pay you to see them before buying your oil. They can save you money. Shop located opposite John H. Barnes' brick residence, Beaver Dam, Ky. 1414

For Sale.

One carload of Lime—1500-pound barrel, net weight, at \$1.10 per barrel. W. E. ELLIS & BRO., 1414 The Produce Merchants.

Russian soldiers are being supplied with paper shirts.

DID you ever stop to think of the wide variety of things a grocery store as reliable as this one has to carry? There's everything from mustard to matches,

from sugar to soap, from butter to bacon, from ketchup to coffee, and so on ad infinitum. If you live outside of town come in and get acquainted

with us on your next visit here. We are always glad to meet new faces and strive to please them with our goods.

GREAT DAY FOR SUNDAY SCHOOLS

In Kentucky—April 25
Has Been Selected As

"GO-TO-SUNDAY-SCHOOL" DAY

Last Year More Than 600,000 Attended Sunday School On May 3.

MUCH INTEREST IN THE WORK

Last year the Kentucky Sunday School Association, which represents all of the Sunday Schools of the State, about 4,000 in number, with an average attendance of nearly 300,000, appointed May 3 as State-Wide "Go-to-Sunday-School Day," when an effort was made to secure 1,000,000 people in the Sunday Schools of the State for that day. This was the first time such a State-wide movement had been attempted by any State.

Gov. Jas. B. McCreary, Governor of Kentucky, issued a proclamation calling everybody to Sunday School for that day. This was the first time any Governor had ever issued such a proclamation. In this proclamation the Governor said, "The supreme need in Kentucky to-day is that the forces which make for character and Christianity shall control the forces which make for intelligence and patriotism, and one of the greatest forces which make for character and Christianity is the Sunday School." He then urged all Kentuckians and visitors in the State to attend the Sunday Schools in the church of their choice on that day that they might give encouragement and honor to those who teach in these schools, that they might see the work that is being done and that they might in this service worship their God.

President Wilson also sent a telegram to the association endorsing the movement, saying in part, "The Sunday School lesson of to-day is the code of morals of to-morrow."

Every county in Kentucky was organized in this work and 1,700 voluntary workers took part in visiting Sunday Schools and the largest enthusiasm developed everywhere.

Many cities and towns made complete visitation of all people in the towns and country round about. Banners were placed across streets. Parades were held. Special invitations given to every home. Interesting programs were prepared for the occasion, the Kentucky Sunday School Association prepared and issued to all Sunday Schools an order or service. Many Sunday Schools used automobiles, buggies and all kinds of vehicles on that day in getting people to the services. The result was that the number who attended the Sunday Schools that day exceeded 600,000 white people and over 55,000 colored people.

Encouraged by the success of the effort last year, the Kentucky Sunday School Association has appointed April 25, this year as the second "Go-to-Sunday-School Day," and already extensive preparations are being made and plans mapped out to reach 1,000,000.

All of the newspapers of the State rendered valuable assistance last year and are entering heartily into the plans this year.

Rev. Geo. A. Joplin, general secretary; Rev. T. C. Gebauer, Mr. W. J. Vaughn, Miss Maudie L. Dance, field workers, and Miss Frances

TOO MANY CHILDREN

are under-size, under-weight with pinched faces and poor blood; they do not complain but appetite lags, they have no ambition and do not progress.

Such children need the rich medicinal nourishment in Scott's Emulsion above everything else; its pure cod liver oil contains nature's own blood-forming, flesh-building fats which quickly show in rosy cheeks, better appetite, firm flesh and sturdy frames.

If your children are languid, tired when rising, catch cold easily or find their studies difficult, give them Scott's Emulsion; it supplies the very food elements that their systems lack.

Scott's Emulsion contains no alcohol and is so good for growing children it's a pity to keep it from them.

14-47 Scott & Bowser, Bloomfield, N. J.

Grigsby, office secretary, are visiting all parts of the State organizing the local forces, and sending literature to every section of the State. Information concerning the movement can be secured by writing to the Kentucky Sunday School Association, 712 Louisville Trust Building, Louisville, Ky.

CAN YOU SPELL?

At Kokomo, Indiana, a few days ago the superintendent of the schools held a spelling contest. Every person of the city was eligible and six hundred took the test. Of that number only fifty-two made a perfect score.

Newspaper men, doctors, lawyers, merchants, teachers and scholars submitted lists of twenty words each, and from that total twenty words were selected. The complete list with the number of times each word was misspelled, is as follows: Miscellaneous, 364; calendar, 324; parallel, 273; privilege, 270; superintendent, 248; principle, 242; niece, 223; lose, 201; separate, 196; disappoint, 177; disease, 164; principal, 142; necessary, 137; business, 130; relieve, 125; receive, 109; truly, 85; government, 84; grammar, 79; believe, 73.

One woman, who made a perfect score, had been a servant for sixty-three years and had only eight weeks schooling. A county official, who had been in business all his life, missed every word. Another man only got one right. One woman missed all but three.

Here are the words, arranged in the form of two sentences. Hand this to a friend, ask him to dictate the sentence to you, write down the words and see how many you misspell:

"The privilege of separating ninety miscellaneous calendars, arranged in two parallel lines, was against the principles of the superintendent, so his niece, not to disappoint the government, nor cause it to lose business, removed the principal calendars and thus relieved her uncle of a strain which might have brought on a disease. Then she believed it had become truly necessary for her to receive her instruction in grammar."

How To Give Quinine To Children.

FEBRILINE is the trade-mark name given to an improved Quinine. It is a Tasteless Syrup, pleasant to take and does not disturb the stomach. Children take it and never know it is Quinine. Also especially adapted to adults who cannot take ordinary Quinine. Does not nauseate nor cause nervousness nor ringing in the head. Try it the next time you need Quinine for any purpose. Ask for 2-ounce original package. The name FEBRILINE is blown in bottle. 25 cents.

A GENERATION OF JESTS AND GENEALOGY OF SAME

And these are the generations of jests. First, there was the mother-in-law. And the mother-in-law begat the late husband who came home night after night and was lectured until his jest was firmly established in the land of his fathers. And the late husband begat the fish he and the bargain counter and the woman's age, the same that is used in all courts even unto this day.

And the woman's age begat the intelligence-office cook, and the intelligence-office cook begat the policeman, and the policeman begat the flint biscuit; and this was one of the mightiest jokes of all. And the beginning of the kingdom of jests was the bright children's sayings and the singing daughter and the truly rural.

And truly rural begat the back-door tramp, the tramp begat the neighbor's hen, and after that the cold-storage egg jest lived for 300 years and said, "Blessed be the land of my fathers, for my age is beyond all reckoning."—(Life).

WHAT WAS FOUND IN ONE POUND OF RAISINS

One pound of raisins purchased by a special agent of the Dairy and Food Commission was analyzed by State Chemist Charles H. Lawall. He found:

Prunes, rice, beans and fuzzy dirt. Human and animal hairs, straight and curly, and fibers of cotton and wood dyed green, yellow, brown, pink and gray.

Straw, and a little bit of bran. Sand, corn, starch, broken wheat and yeast spores.

Pine wood and fragments of unidentified timber. Tobacco leaf, cigarette paper and cigarette tobacco.

Also, the wings and legs of a few unfortunate insects.

And—now listen—some raisins. Result: William Wolfson, in front of whose store the collection was bought, was held in \$400 bail for Court.—(Philadelphia Cor. New York World).

John T. Hoyle, secretary of the Civil Service Commission, will visit Kentucky in April to investigate the charge that storekeepers and gangsters have been removed for political reasons.

CHRISTIANS IN DROVES MASSACRED BY TURKS

And Thousands Are in Danger as Result of Holy War in Persia.

Tabriz, Persia, Wednesday, March 31, via Petrograd and London, April 1.—Preceding the re-occupation by the Russians of Saimac Plains, in Azerbaijan province north-west of Urumlah, hundreds of native Christians were rounded up by the Turks in the village of Hafidewan and massacred. Many of these were searched out from the homes of friendly Mohammedans, who tried to hide them.

The Russians on entering the village found 720 bodies, mostly naked and mutilated. The recovery of bodies from wells, pools and ditches and their burial kept 300 men busy for three days.

The wailing of women intensified the horror of the scene. Surviving widows who were able to identify the bodies of their husbands insisted upon digging graves and burying the bodies. Some of the victims had been shot. In other cases they were bound to ladders and their heads, protruding through, were hacked off. Eyes were gouged out and limbs chopped off.

A general massacre of the 10,000 or 15,000 Christians remaining in Urumlah is expected, unless it should be averted by orders from Constantinople.

Verbal messages from Urumlah confirm earlier reports that more than 800 persons already have been killed in that neighborhood, and that more than 2,000 have died of disease. These messages also confirm the reports of the maltreatment of the Rev. Dr. E. T. Allen, an American missionary at Urumlah.

GAIN ON TUBERCULOSIS AS SHOWN BY REPORT

According to a Census Bureau report, just issued, the death rate in the United States in 1913 was about one fifth of 1 per cent. greater than in the year before, but for the same year the deaths from tuberculosis dropped from 149.5 in the 100,000 to 147.6. That is to say, the general death rate rose a little, while the rate from tuberculosis fell perceptibly in the same period. Tuberculosis is the disease which has attracted the greatest amount of public attention, and the one against which preventive measures have been most vigorous of late years. The people understand the danger, know something about how to avoid it, and are treating the prevention of the disease as a public problem. The figures which the Census Bureau gives are evidence that they are succeeding and it should give new courage to the fight not only against tuberculosis, but against preventable disease of all kinds.—(St. Louis Republic).

Mosquitoes at North Pole. The presence of mosquitoes in myriads within the bare, uninhabited Arctic circle is surely in some degree a mystery. The mosquito is a bloodsucker, but in the unvisited plains he is for the most part and of strict necessity a vegetarian. A few birds excepted (and the birds are furnished with impervious feathers) there is no local life whatever. The lapp in summer drives his

Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

F. J. CHENEY & CO., Toledo, Ohio.

Sold by Druggists. Take Hall's Family Pills for constipation.

RHEUMATIC SUFFERERS GIVEN QUICK RELIEF

Pain leaves almost as if by magic when you begin using "5-Drops," the famous old remedy for Rheumatism, Lumbago, Gout, Sciatica, Neuralgia and kindred troubles. It goes right to the spot, stops the aches and pains and makes life worth living. Get a bottle of "5-Drops" today. A booklet with each bottle gives full directions for use. Don't delay. Demand "5-Drops." Don't accept anything else in place of it. Any drug-gist can supply you. If you live too far from a drug store send One Dollar to Swanson Rheumatic Cure Co., Newark, Ohio, and a bottle of "5-Drops" will be sent prepaid.

reindeers to the sea, and no native crosses the field if he can help it. Yet in this region, "seemingly the most unsuitable for its effective working," the mosquito flourishes, "in primeval and enduring curse, inexplicably developed to its utmost."—(Chicago Journal).

TRUTH AND PARADOX.

"Most fanatics, cranks and madmen" says Rev. Dr. Frank Crane, in his new work, Footnotes to Life, "are those who are unable to understand a paradox. Every truth has its opposite, which is also true. Sanity consists in understanding this; insanity is failing to see it."

"Workable, everyday truth is made up of two or more contradictions. The true doctrine is always a balance."

"What we call Orthodoxy has outlived the Heresies, because Orthodoxy as a rule dares to retain the mystery of opposing truths, while Heresy as a rule has been too logical, and becomes mad with clearness."

"For instance, the truth lies not in Fate (determination, predestination) nor in Free Will, but in both."

"Man is not a Spirit nor a Brute; he is both. Whoever excludes wholly the one or the other from his idea of man, is not so much untrue as he is crazy."

"So the religious fanatics on the one hand and the atheists on the other; the temperance wild men, and the drunkards; and all those who swing to extremes, are illustrations of the rule that sanity is a balance and not a hard certainty."

"There are a large number of truths," says Pascal, "that seem repugnant and contrary yet which subsist together in an admirable order. The source of all religious errors is the exclusion of one or another of these truths."

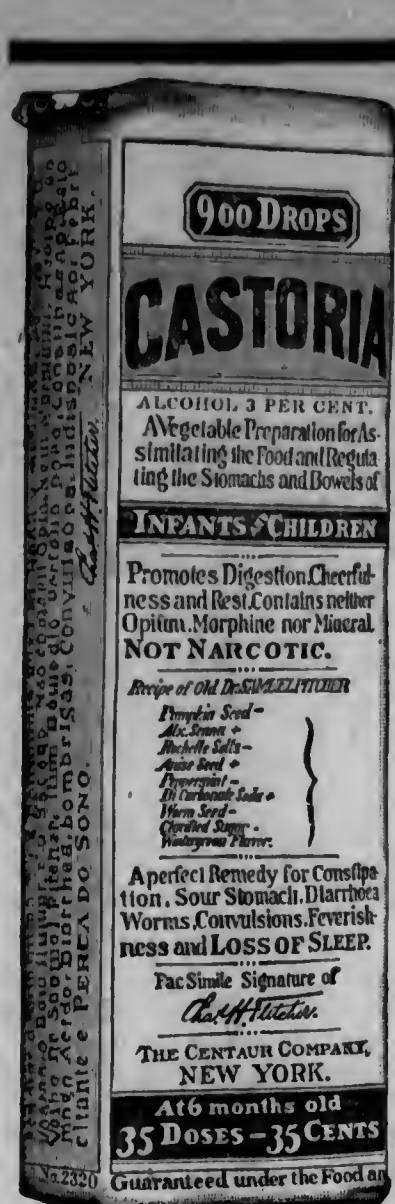

Work For a Candid Co-Ed.

A professor in the economics department of the University of Missouri who was assigning subjects for papers to be written, asked one of the girl students the other day what she was going to do after graduation.

"I'm going to get married," replied the co-ed.

"Very well, then you may write a paper on the high cost of living," said the professor.

PLEA IN BEHALF OF GOOD ROADS

And Their Maintenance In
Ohio County.

SUGGESTS PLAN OF WORKING

And Expenditure Of Public
Money So As To Get
the Best Results.

RESPONSIBILITY IS PLACED

I see so much in the papers in regard to good roads, I feel like it is time we quit experimenting and wasting money in building temporary roads by dragging loose dirt up into the middle of the road in road-working season only to be worked into a jobliolly and washed back into the ditches again in the winter. As everyone knows it is impossible to have a good, solid road bed composed only of dirt, during the freezing and thawing season of the year regardless of how well it is graded and drained, I think you will agree with the sad but solemn fact that our roads are in no better condition than they were five years ago. However, I don't mean to cast any reflection on the officers at the head of our road-working system.

Now, I'll give you my views on it, and if I am wrong you'll have to show me—I'm from Missouri. I am under the impression that each Magisterial District in the county under the present system gets about \$2,000 with which to patch up the roads and by this fall the money will all be spent and next spring the roads will not be in any better shape than at present. Now, I'm not guessing at this; I know it to be a fact. Does it look like good, common "horse-sense" to keep right on spending our hard-earned dollars in such a useless way?

I again ask you where to place the blame for this waste of public money. Now I'm going to take the responsibility of placing it myself, and if the shoe doesn't pinch too hard, try not to frown, lest some one might think you one of the boys.

The trouble is simply that just as long as you don't take an interest in the road problem and try to get the people of Ohio county interested in building some permanent roads, just that long you'll have to pull through the mud. You may sit around and whittle on goods boxes at the cross-roads store and curse the county officials till Gabriel blows his trumpet. But you'll have to go home through the mud if you don't change your system. Now if you want to do a good turn for yourself and your neighbor, urge that we change our system.

When you get sick you want a doctor to give you something for your system. Same way with Ohio county. If you don't think she's sick, just examine her system and see what she pays out annually in doctoring roads. To be honest with you, I think she is falling in health instead of improving. So after all is said, don't you think it about time to begin building some permanent roads?

Now with the \$2,000 yearly appropriation, according to my views, it will build some permanent roads in each district of the county, if properly handled. We will take, for instance, Sulphur Springs Magisterial District, in which we have an abundance of good quality limestone rock. Now this \$2,000 that is used as patch work would install a rock crusher in this district. Of course our roads would not receive their annual mulling. (I would say "working," but that would be handling the truth too carelessly). I am sure the people would be willing to go back to the old way of working for a year or so, at least until we could get started. And the next year suppose we spend \$1,000 in crushing stone and the remaining

\$1,000 in hauling it. Or still better, suppose we spent the full \$2,000 in crushing stone, and having gone back under the old system of road-working but still paying road tax, each division having an overseer, we give each division so many loads of stone in proportion to mileage and let the people haul it free, which I am sure would be gratefully done, especially so when they begin to realize the increased value of farm land and small town property and the decrease in cost of marketing. I think if this plan was adopted in ten years from now, every road of any consequence in Ohio county would be a good rock road and well built. We would be out no more each year than at present. Does it look like an intelligent people would allow this waste of public money to continue? If we do, it would serve us right if we get stuck in mud up to our shoulders (feet up).

J. W. HARDIN.

Dundee, Ky., April 1, 1915.

Grandmother At 20 Years.

Savannah, Ga., March 31.—Mrs. Josephine Davis Hill, a former Macon woman now residing with her husband at Millbrook, Ala., is a grandmother at the age of 29 years.

Here is a bit of her history: She was married when 12 years old, became a mother one year later, a widow at 16, was remarried at 29, and a grandmother at 29 years and one day.

Mrs. Hill was born March 4, 1886, in Macon, and in 1898 married Oliver Andrews. She became a widow in 1902, when she removed to Alabama, where, in 1906, she was married to Hill.

A Sluggish Liver Needs Attention.

Let your liver get torpid and you are in for a spell of misery. Everybody gets an attack now and then. Thousands of people keep their livers active and healthy by using Dr. King's New Life Pills. Fine for the stomach, too. Stop the dizziness, constipation, biliousness and indigestion. Clear the blood. Only 25c at your druggist.

Wave Moves House For Him.

C. H. Jennison, of Alamitos Bay, near Long Beach, planned to move his home back 20 feet. Before he started a big storm struck.

A huge breaker picked up the house and moved it back 20 feet, setting it down squarely on the ground so gently that a pall of milk and pot of coffee on the table in the house were not spilled.

Mrs. Jennison and her two children were not in the house at the time.

The house was placed on its new foundation the next day. (Los Angeles Cor. Philadelphia Record.)

Nothing So Good For A Cough Or Cold.

When you have a cold you want the best medicine obtainable so as to get rid of it with the least possible delay. There are many who consider Chamberlain's Cough Remedy unsurpassed. Mrs. J. Boroff, Slida, Ohio, says, "Ever since my daughter Ruth was cured of a severe cold and cough by Chamberlain's Cough Remedy two years ago, I have felt kindly disposed toward the manufacturer of that preparation. I know of nothing so quick to relieve a cough or cure a cold." For sale by all dealers.

Relieving Queen.

"Who's that impressive-looking woman over there?"

"That's Mrs. Peckum. She's a remarkably strong-minded woman, and they do say that she commands a very large salary."

"How does she earn it?"

"She doesn't earn it. Her husband earns it and she commands it."

Piles Cured In 6 to 14 Days

Your druggist will refund money if PAZO OINTMENT fails to cure any case of itching, blind, bleeding or protruding Piles in 6 to 14 days. The first application gives ease and rest. 50c.

Time Wasted.

"Dinah, did you wash the night before you baked it?"

"Law, ma'am, what's de use ob washin' or lish what's lived all his life in de watah?"

COOPER ENDORSES Y. M. C. A. WORK

Well-Known Man Becomes More
Thoroughly Identified
With Kentucky.

Lexington, April 5.—L. T. Cooper, the philanthropist who sacrificed Lexington by furnishing, at his own personal expense, the bread that is used in the Orphans' Homes in that city, who established a "Bread Line" for the indigent poor, and who is conducting an agricultural exposition to encourage the farmers, whom he considers the bone and sinew of the land, became more thoroughly identified with Lexington in particular, and Central Kentucky in general, when he became a member of the Young Men's Christian Association.

Mr. Cooper was invited upon by a delegation of some of Lexington's best known young men and invited to join the local Y. M. C. A. Mr. Cooper, a native Kentuckian, not only accepted the invitation to become a member, but he endorsed the work of one of Lexington's most deserving and commendable institutions.

The demand for Tanlac, the remarkable medicine that is now being introduced by Mr. Cooper to prove his theories on health, is now the biggest thing of the kind ever seen in this section. The preparation is accomplishing a powerful amount of good among the thousands who suffer from catarrh, stomach, liver and kidney complaint, as well as rheumatism.

Hundreds of those who have actually used Tanlac talk enthusiastically about the astonishing results they obtained from the medicine.

Peter Geiser, living at 412 Clifton avenue, Lexington, said:

"While I haven't used an entire bottle of Tanlac so far, yet I consider it the most wonderful medicine I have ever seen. I suffered for years with stomach and kidney trouble. I also had headaches, indigestion, and attacks of rheumatism."

"My troubles have all disappeared, and I can trace my remarkable improvement to no other cause than Tanlac. It is fine."

Tanlac can now be obtained in Hartford from the Ohio County Drug Co., also Z. Wilbur Mitchell, Beaver Dam, Ky. (Advertisement.)

BIG CLUBBING OFFER.

Below we submit the greatest clubbing offer we have ever made in connection with The Herald:

Hartford Herald 1 year.....\$1.00
Boys' Magazine, monthly.....1.00
Cin. Weekly Enquirer 1 yr.....1.00
To-Day's Magazine, mo......50
Farm & Fireside, semi-mo......50
Poultry Pointers, monthly......25

Total.....\$4.25

We will send the whole bunch, one year each, to any address for only \$4.05. Did you ever hear of the like? Subscribe NOW. Address The Herald, Hartford, Ky.

Rheumatism Yields Quickly To Sloan's.

You can't prevent an attack of rheumatism from coming on, but you can stop it almost immediately. Sloan's Liniment gently applied to the sore joint or muscle penetrates in a few minutes to the inflamed spot that causes the pain. It soothes the hot, tender, swollen feeling, and in a very short time brings a relief that is almost unbelievable until you experience it. Get a bottle of Sloan's Liniment for 25c of any druggist and have it in the house—against colds, sore and swollen joints, lumbago, sciatica and like ailments. Your money back if not satisfied, but it does give almost instant relief.

"ONE-EYED PETE" AND THE LESSON HE TAUGHT

The department of zoology at Harvard recently undertook to find out certain things about the worm family which they suspected but of which they were not quite certain. A worm was put in a box, with two holes cut in it, through which it could crawl in and out. Across the path leading to the exit he would naturally use, there was a wire charged lightly with electricity. The worm crossed the wire and got the shock. He tried again and took the unpleasant current. The third

time he had the same experience. He only needed three lessons, and then he became wise. He never tried that door again, always went out and in by the one that had no live wire in front of it. This worm, which the professors call "One-Eyed Pete," might teach some people who never learn by experience, people who will run up against the same snag, butt their heads up against the same stone wall of opposition, be shocked by the same electric current of warning time after time with no wisdom learned by experience. [Christian Herald.]

LITTLE BOY BROWN.

Jeff Livingston, who, in spite of the fact that he is the president of the great Snider Preserve Company and a millionaire, is as democratic as his first name, was once a poor boy and wore his rags and patches with the rest of the "kids." Jeff occasionally finds time to indulge in a little literary work and his most recent effusion is founded upon an incident in his early career. Here it is:

Two ladies gay met a boy one day;
His legs were briar-scratched,
His clothes were blue, but a nut-brown hue
Marked the place where his pants were patched.
They bubbled with joy at the blue-clad boy
With his spot of nut-brown hue.
"Why didn't you patch with a color to match?"
They chuckled, "Why not with blue?"
"Come, don't be coy, my blue-brown boy,
Speak out!" and they laughed with glee;
And he blushed rose-red, while he bashfully said:
"That ain't no patch, that's me!"

WHAT FIFTEEN YEARS DID—OPPORTUNITIES

Fifteen years ago Henry Ford, the automobile manufacturer, was engineer in an electric light plant in Detroit. Charley Murphy, the base ball millionaire, was a reporter on the Cincinnati Enquirer. Thomas H. Ince, the motion picture magnate, glad to get \$50 a week. Charles Weeghan, owner of the Chicago Federal base ball team and a string of restaurants, was a waiter in a quick-lunch room.

And so it goes. The list could be strung out a column's length. Therefore, when you hear a boy or young man complain that he has no chance, take him by the arm and tell him a few things. There never was a time in the world's history when there were more opportunities for a young man to push to the front. There never was a time when a little intelligence and determination would provide a man with a competence in a few years. This is particularly true in the farming business—for farming is a business. The young man of to-day who will take hold of the farm with the idea of making it the best farm in the country and who will work intelligently for ten years, with that idea always before him, will not have to work hard the remainder of his life.

WHAT FIFTEEN YEARS DID—OPPORTUNITIES

Fifteen years ago Henry Ford, the automobile manufacturer, was engineer in an electric light plant in Detroit. Charley Murphy, the base ball millionaire, was a reporter on the Cincinnati Enquirer. Thomas H. Ince, the motion picture magnate, glad to get \$50 a week. Charles Weeghan, owner of the Chicago Federal base ball team and a string of restaurants, was a waiter in a quick-lunch room.

And so it goes. The list could be strung out a column's length. Therefore, when you hear a boy or young man complain that he has no chance, take him by the arm and tell him a few things. There never was a time in the world's history when there were more opportunities for a young man to push to the front. There never was a time when a

WILL SEEK NO APOLOGY FOR FLAG DESECRATION

Act Of Lawless Persons Acting Without Authority, Minister Says.

Washington, April 3.—There was no intentional desecration of the American flag by any authorized person when John B. McManus was killed in Mexico City by Zapata troops, according to reports to the State Department by the Brazilian Minister in Mexico. He says that after careful inquiry he finds that no official authorized tearing down of the flag. Upon his recommendation, Secretary Bryan announced that no apology would be asked. Inasmuch as the desecration of the American flag flying above the home of John B. McManus, an American citizen murdered in Mexico City, was the act of lawless persons acting without authority, the United States Government decided to-day to make no demand for an apology.

Secretary Bryan announced that the incident was closed with the receipt to-day of a dispatch from the Brazilian Minister in Mexico City.

"The Brazilian Minister," said Mr. Bryan, "did not think the facts in the case showed any attempt on the part of any officers or authorities to desecrate the flag and he did not, therefore, regard it as a case where an apology should be asked."

Officials pointed out later that the attitude was in accord with the policy of the United States in dealing with such cases in the past.

The payment of the \$20,000 indemnity to the widow of McManus and the general expression of regret by the Villa-Zapata authorities, are held to be sufficient reparation in the circumstances.

Secretary Bryan to-day conveyed to the Brazilian Minister the appreciation of the United States Government "for his efficient handling of the McManus case."

CLEAR RUN.

April 5.—Rev. R. E. Fuqua filled his regular appointment at this place Saturday and Sunday.

The most news we have nowadays is weddings. Miss Mertie Park and Mr. Claude Webb, of Hartford, were united in marriage at the home of the bride Sunday afternoon at 5 o'clock. This makes the sixth wedding that has occurred at this place the past five months and arrangements are being made for the seventh. There seems to be a great demand for cooks in this section of country since the war began. The brides all live within a mile of each other.

Mr. Ira D. Funk has accepted a position as traveling salesman for the Vacuum Washing Machine Company as agent for Ohio county.

Mr. James D. Hoover, sisters Leona and Dora Dean, of Buford, attended church at this place Sunday.

Mr. and Mrs. Houdy Westerfield, of Whitesville, were guests of Mr. and Mrs. T. C. Park Sunday.

Sunday School was organized at this place with L. B. Tichenor as superintendent. Prayer meeting every Thursday night.

OLATON.

April 4.—This is a beautiful Easter morning. Many things will be done to-day in commemoration of our Saviour's resurrection.

There were two carloads of corn loaded here last week. Also two at Davison Station for the Tennessee market.

Mrs. Annie Fentress and Mrs. Mercedes Duncan went to Owensboro Saturday. They will go from there to Utica, Livermore, Powderly and Drakesboro, where they will spend a week with relatives.

Mr. Hardin Porter, of near Yeaman, Grayson county, was in Olaton Saturday, talking good roads and plikes from Hartford to Leitchfield. Mr. Postler and others are reported to have subscribed very liberally towards this enterprise.

Mr. A. C. Porter, candidate for the Democratic nomination for Circuit Court Clerk for Ohio county, was shaking hands with the Olaton

boys last week. Mr. Porter and several friends while here.

A Sunday School was organized at the Baptist church here at 9 o'clock this morning with Mr. W. B. McDaniel as superintendent. The Methodist Sunday School meets in the afternoon. This gives those who desire to do so, an opportunity to attend both schools.

Arthur Mitchell was awarded the banner at the Methodist Sunday School this afternoon.

Messrs. Robert Arms, Henry T. Felix and John Stone will make a business trip to Hartford to-morrow.

Park—Webb.

At the beautiful country home of the bride on Clear Run, Miss Mertie Park and Mr. Claude Webb, of Hartford, were united in marriage Sunday, April 4th, at 5 p. m. The attendants were Miss Geneva Shown, of No creek, a cousin of the groom, and Mr. Merriam Park, a brother of the bride. The ceremony was performed by Rev. Eli Wesley.

The bride was handsomely dressed in a sky blue satin with white overlace, and the bridegroom wore a blue satin to match. The groom and Mr. Mr. Park wore suits of blue.

The bride is the oldest daughter of Mr. and Mrs. J. E. Park and one of Clear Run's most popular girls. The groom is a prosperous young farmer. After the ceremony the couple left immediately for the home of the groom, where they will reside.

Their many friends wish them much success and a long, happy life.

Important Notice.

All persons having claims against the estate of R. L. Owen, deceased, will present them to me before May 1, 1915. Also all persons indebted to said estate will please settle same at once and save cost.

FLORENCE OWEN, Adm.,

Double Killing.

Lawrenceburg, Ky., April 3.—Joe Chilton, a farmer of the Gilbert's creek section, this county, shot and killed his brother-in-law, Dollins Hawkins, near his home, at 11:30 o'clock this morning.

The killing was done with a double-barrel shotgun, and was the outcome of a family quarrel that had been going on for several weeks.

Officers have gone to the scene of the murder.

CROUP RELIEVED IN FIFTEEN MINUTES

No need to dose delicate little stomachs with internal medicine—Apply **VICK'S Croup and SALVE** Well over throat and chest. In five minutes the breathing is easier and in fifteen minutes the worst cases are relieved. Croup can be prevented absolutely by an application of Vick's a bed-time covered with warm flannel. Absolutely harmless. Samples on request. At all druggists, 25c, 50c in \$1.00. Vick Chemical Co., Greensboro, N. C.

The Great Slaughtered Prices On Fine Breeding Stock.

LEO BEAUTY, REGISTER NO. 12015 is one of the best draft stallions in this part of Kentucky and has shown more high priced colts in the year 1914 than any other stallion in this or adjoining counties, not excepting any. Fee \$10.

ALEX H., REGISTER NO. 37102 is one of the best standard bred trotting stallions in Western Kentucky, and can show more general utility horses than any stallion in this part of Kentucky excepting none. Fee \$10.

SPANISH KING, REGISTER NO. 9504 is absolutely one of the best jacks in this part of Kentucky and Black with white points, 15 1/2 hands high, weight 1150 pounds. He is a great jack. Stands at \$8.

GRAY JIM is a four-year-old gray jack, 14 hands high and stands at \$6.00.

This lot of stallions and jacks are as good as can be found in Kentucky. Breed to the best. They are the cheapest in the long run. So if you want to breed to the best at the great slaughter prices they can be found in the Fordsville breeding stables. Owned by,

CATTLE QUARANTINE ORDERS ARE MODIFIED

Steady Improvement Shown In Districts Affected By the Epidemic.

Washington, April 5.—With the livestock foot and mouth epidemic curbed, the Department of Agriculture to-day issued orders modifying quarantine regulations in many of the infected districts.

The orders were the first issued since the campaign against the disease began last fall that added new territory to the quarantined area.

Reports during the past few weeks have shown steady improvement in conditions and on April 1 the department announced that there was no animal in the United States suffering with the disease. Since then there have been reports of sporadic cases, but it is believed that complete eradication of the plague is almost in sight.

To-day's orders, effective at once, made the following changes in Kentucky and Indiana:

Indiana—Allen and Johnson counties, together with territory in St. Joseph county, within five miles of infected premises is made modified area. Morgan county is made restricted area.

Kentucky—Territory in Hardin, Jessamine and Scott counties, not within three miles of infected premises, is made restricted area and territory in Woodford county, within three miles of infected premises, is made modified area and not within three miles of a restricted area.

BARRETT'S FERRY.

April 5.—Farmers of this neighborhood are farther advanced with their work than is usual at this time of year.

An Easter egg-hunt was given by the Beech Grove Sunday School. A large crowd was present and enjoyed the search for Easter eggs.

Misses Cecil and Pauline White, and Grace and Elizabeth Renfrow, of Narrows, visited Misses Catherine and Elizabeth Davison Sunday.

Miss Garnett Combs, who is attending school at Hartford, spent

Easter at her country home near here.

The party given by Mr. and Mrs. Durward Cardea was much enjoyed by all present.

There was an apron party at Mr. Sam Fenn's last Thursday night. Those present report a nice time.

BEAUTIFUL SANTA CLARA

"THE VALLEY OF HEART'S DELIGHT"

pronounced by world travelers one of the most beautiful valleys in the whole world—the home of the prune and the apricot; a valley 125 square miles in area, between two protecting mountain ranges; only 35 miles from San Francisco.

HAS HOMES FOR MANY PEOPLE

This is one of California's ideal places for residence, where comfort and an income are combined in the small tract. We have a beautifully illustrated booklet describing Santa Clara County and its opportunities. This book will be sent to you if you will send us your name and address and a two-cent stamp. Better still, send ten cents and we will send the book describing the beautiful Santa Clara Valley, a map of California and a sample copy of Sunset Magazine. Address

SUNSET MAGAZINE SERVICE BUREAU, San Francisco, Cal.
